MEMORANDUM FOR THE RECORD

Morning Meeting of 29 December 1964

(f)

General Carter was in the Chair as Acting DCI.

Current Intelligence Briefing covered: South Vietnam, further report on the movement of 2,000 - 2,500 NVN troops into Central Laos, indications that the Sudanese are taking steps to cease supply of Congo rebels, operations of dissident Khmer Serei group against Cambodia,

[redacted] The briefing concluded with a reading of poetry with an Indonesian flavor. The reader, once started, could not be stopped.

25X1

[redacted] Sherman Kent observed that, if true, this affects the recent NIE which took a line to the contrary.

25X1

DDS&T reported that snow had prevented operations at the [redacted] yesterday. He also reported, in answer to General Carter's query, that [redacted] is taking pictures and proceeding normally.

25X1

Bannerman for DDS reported that [redacted] Monday, and that the situation concerning [redacted] favorably [redacted]

25X1

Sherman Kent reported that the BNE had discussed the "working level" paper on Communist reactions prepared yesterday, and sent to the President this morning as a part of a SVN package. The BNE okayed the paper. General Carter said it was likewise all right with him, but that he questioned the procedure. He thought DIA should be involved and asked advice as to whether USIB should meet and consider. This was the subject of a special meeting ^{WITH KENT ADD LINE THAT} General Carter called following the Morning Meeting. (General Carter later called General Carroll, alerted him to the paper, and sent him a copy.)
